

get vaccinated. save lives.

We understand that you may be concerned about getting vaccinated once a COVID-19 vaccine is available. Safety is a top priority, and there are many reasons to get vaccinated.

Benefits of Getting a COVID-19 Vaccine

Stop the Spread

COVID-19 vaccination will be an important tool to help stop the pandemic. Vaccines will work with your immune system so it will be ready to fight the virus if you are exposed.

Stay Healthy

COVID-19 vaccination will help keep you from getting COVID-19 or becoming re-infected. COVID-19 vaccines will NOT give you COVID-19.

Build Protection

COVID-19 vaccination will be a safer way to help build protection versus natural immunity.

It's Free

Vaccines will be made available to Exceptional Living Centers employees at no cost to them. Vaccine doses purchased with U.S. taxpayer dollars will be given to the American people at no cost.
