

HILLCREEK

REHABILITATION AND CARE

Meet Angie

My name is Angie Kelley. I graduated from U of L in 1994 with a Bachelor of Science in Nursing.

I have devoted 26 yrs of my nursing career to my passion...working in the hemodialysis field. In this time, I have operated in many different roles including: 18 yrs as a staff nurse in an outpatient hemodialysis

clinic where I enjoyed strong relationships with my patients and coworkers; 5 yrs as an acute hemodialysis nurse/preceptor where I specialized not only in adult hemodialysis but also in pediatric hemodialysis and plasmapheresis; and 3 yrs as an acute hemodialysis educator/manager operating in several cities around the country.

I am proud to have recently joined the RenPro family and am excited to help fulfill a much needed service within the hemodialysis field: providing on-site dialysis services to Nursing home residents. I serve as manager of the dialysis program here at Hillcreek.

I have been married to my wonderful husband for 26 years and have 3 beautiful children.
